BIOMEDevice

November 15-16, 2023

SANTA CLARA CONVENTION CENTER

## Why Attend BIOMEDevice 2023?

BIOMEDevice Silicon Valley take place in the #1 most predominant medtech hubs in the country **BRINGING** thinkers and doers together in one powerful event.

## What is BIOMEDevice?

BIOMEDevice **BRINGS** engineers, business leaders, disruptive companies, and innovative thinkers from the region's top start-ups and medical device OEMs together annually to inspire the next generation of life-changing medical devices. BIOMEDevice bridges the gap between the present and the future. It's the one event where you can source the solutions you need today, and also gain access to medtech technology changing the trajectory of the industry.

## Let BIOMEDevice BRING you the latest industry news and innovation.

The future of medtech is upon us and growing rapidly.

### \$400B\*

Annual US Healthcare spending on medical devices is projected to reach around \$300 billion to \$400 billion, a 5-6% of the \$6.8 trillion in total healthcare spend—by 2030.

**#3** growth strategy for medtech companies is to build or participate in an ecosystem.

An ecosystem meets the complex needs of healthcare segments by bringing together partners and encouraging their collaboration to solve complex problems.

The MedTech Industry is rapidly changing as medical device manufacturers face challenges with meeting demand brought on by continuing supply chain and workforce development issues.

BIOMEDevice **BRINGS** industry veterans and disruptive start-ups together to discuss how to move the industry forward.
